FREQUENTLY ASKED QUESTIONS

How long will it take to process my online rental?

Rentals are processed and shipped the same day or next business day--we just need to verify your identity and billing information.

What comes with the instrument?

Every instrument rental includes a storage-carrying case and mouthpiece. Music books, music stands and care kits may be added to your order.

What happens if my child does not want to continue?

Contact us to get a Return Authorization number. Once you have this number, ship the instrument back to us via UPS. Your contract will end when we receive the instrument.

My child has outgrown the instrument, what should we do now?

It's common and expected that children outgrow fractional sizes of string instruments. When your child gets too big for their string instrument, contact us to exchange it for the next size up. There's no charge for the exchange.

Do you offer any kind of protection plan?

Our Maintenance & Repair Plan costs just \$5 per month (\$8 for saxophones) and protects your child's instrument against accidental damage or destruction. Contact us to make arrangements to ship the instrument back to us and we'll repair it.
